What is Excellence Index and Quality Index?

Excellence Index and Quality Index are proprietary algorithms developed by Report Bee that helps schools identify how well the entire school/class has performed based on various factors.

Excellence Index is an absolute number that is indicative of the number of students scoring above 60% in a school. Excellent Index is a ready-reckoner to understand the mastery of a particular subject.

Quality Index is a measure of School's overall performance. It is a grade-based weighted average of all the students who have passed. Higher the Quality Index, better the overall performance of the students in the School/Subject.
